ST. ANTHONY TRI-PARISH CATHOLIC SCHOOL & FOUNDATION

ANNUAL REPORT

2024-2025

From Our Leadership

We are proud to present you with this annual report for the 2024-2025 school year. With gratitude, we recognize all donors who provided financial support for our students. Our financial reports share how we are working to be good stewards of the resources. This is a testament to the generosity and prayerful support of our community.

As we look back on this year, we were led by the Spirit in so many ways. We started the first Wyoming private school charter of Future Farmers of America (FFA) and our students earned numerous awards at the convention. We have established an outdoor learning space in the back acre of the school. Several opportunities for spiritual growth were offered to the students and faculty. We continue to hear about the success of our alumni.

This new academic year is focused on service. 1 Peter 4:10 reminds us "as each one has received a gift, use it to serve one another as good stewards of God's varied grace." Our vocation as Catholic educators invites us to help students discover the gifts given to them by God and how to then use those gifts to build the Kingdom of God on earth. You are important in our mission.

Our goal of financial stability is important as we explore the feasibility of adding high school grades to our school community. Your contributions to our fundraising events and efforts are essential as the School and Foundation work together. Each donation is appreciated and valued as we continue to build our endowments and provide for the current needs.

With God's grace, we continue to serve the community of Casper to provide a Catholic education to families. You are invited to join us in this important ministry with your time, talent and treasure.
